[redacted] report concerning the Orion Radio és Villamossagi Vallalat (Orion Radio Factory), Budapest X. The report gives some information on the military nature of the factory's production during the first half of 1955 and states that 600 persons were employed. The report also tells where cases and tubes for radio and television sets were procured, and it includes a sketch showing the relative location of the various sections of the factory. The sketch is keyed to an explanatory legend.

- X,*  
 1. The "ORION" radio-factory is in BUDAPEST ~~A~~ at 29  
 Jaszberenyi Street, in buildings formerly used by a chocolate  
 factory. For a lay-out of the works please see Appendix "A".
2. During the first half of 1956, one-third of ORION's  
 production was for the military services; the present pro-  
 portion is not known. The total labour-force is approximately  
 600 people, directed by an Army colonel, emphasising the  
 ultimately military nature of the factory. The departments  
 producing military equipment were rigidly separated from the  
 others and access was permitted only to selected officials and  
 workers.
3. Cases for radios and television sets are supplied by  
 "RADIOSZEKRENYGYAR", valves by "EGYESULT IZZO" and  
 resistances by "REMIX".
